Price Increase Announcement WESTFORM METALS

Effective: September 1, 2026

Dear Valued Customer:

Westform Metals will implement a price increase of approximately 10%, effective September 1, 2026, on all steel products.

These increases are a direct result of recent trade measures implemented by the Government of Canada, which have significantly impacted the supply of steel entering the Canadian market. The new measures include import restrictions and a 50% duty on steel volumes that exceed the established import thresholds.

All orders with the above products shipped on or after September 1, 2026, will be invoiced at the new pricing level. Price pages reflecting these changes will be available from your account manager shortly.

Should you have any questions or require further clarification, please do not hesitate to contact your account manager.

Thank you for your continued support and business.

Yours truly,

Convoy Supply Ltd.
